# We've only Just Begun ... The Carpenters Remembered

**Saturday, September 15, 2018**

**8:00 pm**

(Doors open 7:40 pm)

Led by renowned vocalist Michelle Berting Brett and accompanied by an amazing band, ***We've Only Just Begun: Carpenters Remembered*** is the definitive show celebrating the timeless music of one of the most successful recording acts of all time. This promises to be a night of music, magic and memories. Richard and Karen Carpenter's music transcended musical genres, earning the duo worldwide acclaim. The Carpenter's worldwide hits include: "(They Long To Be) Close To You," "We've Only Just Begun," "For All We Know," "Rainy Days And Mondays," "Superstar," "Yesterday Once More," and "Top Of The World". Their 1970, Grammy-award winning album, 'Close To You' ranks as one of Rolling Stone magazine's Greatest Albums of All Time, while their 1971 self-titled release earned the pair another Grammy in addition to reaching #2 on the Billboard album charts. Although The Carpenters ended with the untimely death of Karen in 1983, the duo's contribution to popular music continues to resonate to this day. Fans of Richard and Karen will certainly want to re-live the magic in Brett's unique celebration of their music.
