Return completed list to Management office @ Clubhouse

The guests named below on this Security Access List are authorized to proceed to your home without notification from the guardhouse. You understand that all others will require a phone call from the guard, to be answered at your residence, before admittance will be granted.

If you are expecting guests who are not on your list, you may call the guardhouse at 732.805.0310 on that particular day to advise the guard of the guest's name, and time of arrival. Admittance will then be granted without the need of a phone call to your residence.

All other changes must be made in writing, and please remember only local exchange home phone numbers can be dialed from the guardhouse.
